SELECTMEN'S ACCOUNT.

No printed Report was given to the Town for the year ending March 1, 1856, for the reason, that, owing to the unsettled state of affairs caused by the division of the Town, the accident at the Town House, &c., the Selectmen were unable to get the accounts in a form to be printed, until it was too late to procure the printing before the Annual Election. We therefore now give a brief summary of the state of the finances at that time :—

Town of Meredith in account with the Selectmen, as per audited account.

The Committee appointed by the town, at a meeting holden January 31st, 1856, to divide the property of the two towns of Meredith and Laconia, and who were also authorized to purchase the interest which Laconia had in the old town farm, or dispose of that farm and purchase some other, have attended to that duty in part, and make the following Report:

March 19th, 1856, agreed between Meredith and Laconia, to divide Rail Road Stock, Literary and Parsonage Funds, as follows—

Stock in B. C. & M. R. R., to Meredith	69 shares.	
do. do. Laconia	58 shares and scrip.

do. do. Laconia,	2,191 80.

do. do. Laconia,	1,008 54.

*March 25th, agreed between Meredith and Laconia, as follows:—*Laconia sells to Meredith her interest in the new Town House, in consideration for the interest which Meredith has in the town Pound, and Meredith agrees to pay all unsettled claims of the building Committee.

The Paupers at the Alms-House, and some who were not residing there, were divided between the two towns, and those belonging to Laconia were removed. There are poor persons, however, residing in both towns, who were receiving assistance at the time the town was divided, and who are still supported, in part, at the joint expense of the towns,—Meredith having paid a considerable amount during the year, for the support of such persons, which account has not yet been adjusted with Laconia.

Meredith has also paid, during the past year, a sum amounting to about \$2000,00 in liquidation of debts owed by the two towns jointly, on which nothing has been received from Laconia. We have been unable to effect a final settlement of the affairs of the two towns, from the reason that since the financial account has been in a condition to settle, the Laconia Committee have not been able to give it their attention. We have no doubt, however, that the whole will be adjusted at an early day.

The Committee, on the last of March, as authorized by a vote of the town, purchased of Mr. David Vittum the Babb farm, (so-called,) on Meredith Neck, for \$2000,00, and the paupers were removed from the old to the new Town Farm, on the second day of April last.

The character of the paupers left on our hands was such that they could not be boarded out without incurring heavy expense, consisting, as they did, of aged persons, some helpless, others decrepid, partially insane and idiotic, and in the opinion of the Committee and Overseers of the Poor it was thought advisable, in point of economy, and indispensably necessary, that some place should be provided, at the expense of the town, for their support.

The farm purchased, is in a good state of cultivation, in a retired part of the town, and yet easy of access, and is well and pleasantly located for a poor-farm. The buildings are sufficient for present purposes, and in good repair. The amount paid for the farm, as stated above, was \$2000—of which \$452 was paid down—which amount was paid in part by the notes taken from Laconia, and in cash. For the balance, a note was given for \$148, payable the first of April next, and two notes of \$700 each, payable in one and two years from the first of April next, towards which we hold notes of Wm. Boynton, for the pasture sold, to the amount of \$260 ; leaving \$1288 to be provided by the town.
